

**Choices and Changes**

*Geared to grades 2-10*

“Life is not a lottery” is a central theme to the Choices and Changes program. This series will help students develop the knowledge, reasoning skills, and confidence that will allow them to take responsibility for their futures and to understand that human behavior is a result of choices, not chance. You will help students learn that by investing in their skills and knowledge, and by learning to make sound decisions, they can gain control over and improve opportunities in their own lives. *Choices and Changes* uses interactive learning and hands-on activities to build students’ “human capital” skills. Lessons and activities will focus on the National and Ohio Standards in Economics and in addition, where appropriate, the English Language Arts and Math Standards. You will receive a *Choices and Changes* guide for your grade 2-4, 5-6, 7-8 or 9-10. Instructor: Linda Spencer

**DATES:** June 16-July 18, 2008
