Social Work courses are **boldface**; prerequisites are in *italics* . Some prerequisites also fulfill core requirements for liberal arts degree.

* The overall goal of the CCI Initiative is to internationalize our curriculum so as to better prepare students to face conditions of globalization that will greet them upon graduation. The three general paths by which a student can meet this requirement are through language study, travel options, or specially designed coursework.

Students with appropriate military service may elect to complete a narrative illustrating global competencies gained through military service. Students electing this option will enroll in FL 299 and complete a narrative under the direction of the Critical Cultural Inquiry (CCI) Liaison or core director.
