IMPORTANT NOTES:

- Program Checksheets completed prior to an individual's acceptance to the university are nonbinding and unofficial. The student’s Program Checksheet is simply a list of the required courses for the degree or licensure. If the individual’s application to the university is not submitted and approved within one semester of the date on the Checksheet, or the requirements for a given program have changed, they will be required to sign a new Program Checksheet. It is the student’s responsibility to notify the university should they change from one degree, licensure, or endorsement program to another or add an additional program.
- It is the student’s responsibility to submit all appropriate transcripts required for transfer credit. This should be completed within the first semester. Transfer credit noted on a Program Checksheet is not official until it has been reviewed and approved by the Office of Records and Registration. The student needs to monitor the status of his or her transfer credit.
- Students are to contact the Financial Aid Office when a change in the program occurs. Changes may result in an increase in the number of hours required to complete a program and may result in potential changes in financial obligations due to a change in the academic program.

Test Preparation and Registration Information:

1) Praxis Cores Tests:

- a) Preparation
 - i) <https://www.ets.org/praxis/register/how>
 - ii) **Note that the complete purpose of a practice test is to see if you can identify the topics and anticipate if you will be able to answer a number of additional questions about the topic correctly. The purpose of a practice test is not to just see if you can get the questions correct.**
 - iii) The ETS site has excellent Kahn test preparation material for all three tests.
 - iv) The aleks.com website also has very good math preparation material. Follow these steps:
 - (1) Aleks.com
 - (2) Select Independent Use in the lower right corner
 - (3) Select Buy Aleks Now
 - (4) Select again Buy Aleks Now
 - (5) Under Market select Higher Education Math
 - (6) Under course select Pre-Algebra
 - (7) Then follow the instructions.
 - v) Additional practice problems for all of the tests include: ACT, SAT, and Praxis I.
- b) Registration
 - i) Registration is easy: <https://www.ets.org/praxis/register/how>
 - ii) Home proctoring is available, but is not working very well.
 - iii) **When registering for a test select Register Now. Do NOT select State Testing Requirements.**
 - iv) The tests cost \$90 each or \$150 for all three
 - v) **Note that if you register for all three tests during a single internet event, you will save about \$120.**
