### IMPORTANT NOTES:

- Program Checksheets completed prior to an individual's acceptance to the university are nonbinding and unofficial. The student's Program Checksheet is simply a list of the required courses for the degree or licensure. If the individual's application to the university is not submitted and approved within one semester of the date on the Checksheet, or the requirements for a given program have changed, they will be required to sign a new Program Checksheet. It is the student's responsibility to notify the university should they change from one degree, licensure, or endorsement program to another or add an additional program. Completed coursework is to be applicable to a student's program(s) of record.
- It is the student's responsibility to submit all appropriate transcripts required for transfer credit. This should be completed within the first semester. Transfer credit noted on a Program Checksheet is not official until it has been reviewed and approved by the Office of Records and Registration. The student needs to monitor the status of his or her transfer credit.
- Students are to contact the Financial Aid Office when a change in the program occurs. Changes may result in an increase in the number of hours required to complete a program and may result in potential changes in financial obligations.

***I have reviewed all pages of this document with the individual requesting this Program Checksheet.***
