The rotations for the BA presume that some, but not all, of the courses listed with equivalencies have been taken at NCSC. It presumes that three Psychology Electives were taken at NCSC. Further, it presumes that AU's composition, communication, CCI, math/logic, history, natural science, humanities, and social sciences requirements have been met, and half of the aesthetics core has been met. The religion core will be met at AU. This presumes that students will take PSYC 1070 vs SOCY 2010 at NCSC.
