

Ashland Leadership Academy Seminars (ALAS)

25 Years of Leadership, Legacy, and Learning

A Tradition of Excellence

For a quarter-century, the Ashland Leadership Academy Seminars (ALAS) have been a cornerstone of leadership development for Ohio K-12 Administrative Leaders. In 2026, we celebrate our 25th year with a *new format* designed to enhance connection and minimize travel, while continuing to deliver the high-quality, relevant content you've come to expect.

New Format: Increased Connection, Reduced Travel

ALAS has always been more than just a seminar; it's a vibrant community of educational leaders. Our engaging workshops, thought-provoking book studies, and invaluable networking opportunities connect colleagues from over 40 Ohio school districts each year. Participants consistently share that the relationships forged at ALAS have a lasting impact on their careers and their students.

NEW in 2026: From 3 Weekends to 3 In-Person Days + 1 Virtual Day!*

**Remaining content for 36 Contact Hours or 3 Grad Credits will be online, asynchronous*
