

Course Rotation: Mathematics

MATH 100	Developmental Mathematics	Day sections each semester
MATH 107	Algebra Co-Requisite for Introductory Statistics	Day sections each semester
MATH 108	Introductory Statistics	Day sections each semester
MATH 110	Finite Mathematics	One online section as needed
MATH 111	Precalculus	One day section spring of odd years
MATH 150	Reading Euclid	One day section fall odd years
MATH 201	Applied Calculus I	At least one day section fall of odd years
MATH 202	Applied Calculus II	One day section spring of even years
MATH 205	Calculus I	At least one day section each fall
MATH 206	Calculus II	At least one day section each spring
MATH 217	Theory of Arithmetic & Geometry	At least one late afternoon/evening section each fall
MATH 218	Geometry for Middle Grades	One late afternoon section each spring
MATH 223	Discrete Mathematics I	At least one day section each fall
MATH 224	Discrete Mathematics II	One day section each spring
MATH 230	Mathematical Modeling	One day section spring even years
MATH 250	Mathematical Proof	One day section each spring
MATH 305	Calculus III	One day section each fall
MATH 307	Linear Algebra	One day section each spring
MATH 308	Operations Research	One day section spring odd years
MATH 309	History of Mathematics	One day section spring odd years
MATH 311	Modern Geometry	One day section fall odd years
MATH 313	Differential Equations	One day section spring even years
MATH 317	Probability	One day section fall odd years
MATH 318	Mathematical Statistics	One day section spring even years
MATH 319	Number Theory	Not on a regular rotation
MATH 320	Financial Mathematics	One day section spring odd years
MATH 341	Applied Regression Analysis	One day section fall even years
MATH 415	Abstract Algebra	One day section fall even years
MATH 417	Real Analysis	One day section fall odd years
MATH 450	Seminar	One day section each spring
MATH 470	Special Topics in Mathematics	Not on a regular rotation
MATH 493	Internship	Arranged
